

Britannica Webinars

Webinars that support NC Digital Learning Competencies

Certificates Provided for 1- hour
of Professional Development

Britannica partners with NCWiseOwl to provide professional training and information that inspires usage to support learning through inquiry.

Britannica NCWiseOwl Webinars Focus on the Following Digital Content and Instruction Competencies:

- Design technology-enriched learning experiences that encourage all students to pursue their individual interests, preferences, and differences.
- Identify, evaluate, and utilize appropriate digital tools and resources to challenge students to create, think critically, solve problems, establish reliability, communicate their ideas, collaborate effectively.
- Immerse students in exploring relevant issues and analyze authentic problems through digital tools and resources.
- Evaluate and appropriately modify the form and function of the physical learning environment to create a conducive digital learning environment.
